REDISCOVER WELLNESS AT WILLKA T'IKA

Willka T'ika or “sacred flower” in Quechua, is the premier luxury wellness retreat center in the Sacred Valley of Peru, located between the Incan Capital of Cusco and the World Heritage Site of Machu Picchu.

An exquisite wellness sanctuary designed for rejuvenation and reflection, Willka T'ika was founded in 1995 to honor the culture of the local Quechua-speaking people, descendants of the Inca. The first retreat center in the Sacred Valley dedicated to yoga and wellness, Willka T'ika was created with the intention of paying homage to Andean values of sustainability. Traditionally, the Quechua ancestral belief is to honor *Pachamama*, Mother Earth, while embracing reciprocal exchange, *ayni*, which is the principle of giving and receiving.

Located in one of the most stunning places on earth, the beauty of *Pachamama* radiates throughout Willka T'ika's grounds. From our handcrafted guestroom design, to our breathtaking *Chakra Gardens*, vegetarian farm-to-table meals, Andean ceremonial spaces and devoted professional service by the local Quechuan staff, Willka T'ika is the perfect place to rediscover Wellness.

Notably, Willka T'ika is also home to the *Seven Chakra Gardens* featured in the award-winning book written by founder Carol Cumes: *Chakra Gardens, Opening the Senses of the Soul*. Each garden contains symbols, shapes, sculptures, and Incan medicinal plants and flowers that resonate with one of the seven chakras, or energy centers, of the human body. The crown jewel is a 1000-year-old Lucuma Tree that connects guests to the nature-based wisdom of pre-Incan civilization. The *Seven Gardens* are also the basis for this new *Essential Wellness* program which offers authentic Andean therapeutic treatments, home-made essential oils, nature-based activities, and organic meals, teas, and juices to boost immunity and reenergize travelers.

The **Willka T'ika Essential Wellness Program** combines 30 years of our experience with authentic Andean healing offerings into accessible 3, 5, and 7 Day wellness retreats. This program was designed for today's traveler who seeks to reconnect with the healing energies of Mother Earth (*Pachamama*). The format of the program follows the model of Willka T'ika's *Seven Chakra Gardens*, with each day focusing on a chakra, or energy center. We will guide you through a specialized sequence of mindful activities, therapeutic treatments, farm-to-table meals, fresh cold-pressed juices, home-made essential oils, and powerful Andean ceremonies.

Starting on Day 1 (Friday), you will begin with the 1st or "Earth" Chakra and connect with *Pachamama*, Mother Earth. On Day 2 and 3 (Saturday & Sunday) you will honor the "Water" and "Fire" Chakras elements with Andean ceremonies, yoga and breathtaking hikes. By the end of the weekend, you will have cleansed your body and mind.

Those who can stay longer will continue on Day 4 with the "Heart" Chakra and a heart-opening Cacao ceremony. Day 5 focuses on the "Throat" Chakra and you will experience sound healing with our local musicians.

Only those staying the full week will participate in opening their "Third-Eye," or 6th Chakra with an optional San Pedro ceremony. On the 7th Day, you will rest and integrate all that you have learned and healed on this journey through the *Seven Chakra Gardens*.
